ABOUT ME

I'm a 20-year-old tech enthusiast and 3rd-year B.Tech student at Bennett University, specialising in Artificial Intelligence and Machine Learning. Along with my technical studies, I'm currently pursuing Digital Marketing at Hansraj College, where I'm learning about SEO, online branding, and content strategy. This helps me merge my technical knowledge with creative digital communication. I'm passionate about exploring how AI and generative technologies can enhance productivity, marketing, and innovation in today's digital world.

WEBSITE

The Motorsports Arena

The Motorsports Arena is a dedicated digital platform created for motorsports enthusiasts, offering informative and engaging content focused primarily on Formula 1 racing. The website features race analysis, latest news, driver and team insights, historical highlights, and event updates from the global motorsports industry. Developed using WordPress, it aims to deliver well-structured, SEO-friendly blogs that enhance user engagement and accessibility. The platform combines passion for racing with informative storytelling, providing readers with a reliable source to stay updated on the fast-paced and ever-evolving world of motorsports.
